LOS ANGELES COLON AND RECTAL SURGICAL ASSOCIATES

Eiman Firoozmand, MD*, Stephen Yoo, MD, Liza M. Capiendo, MD*, and Gary H. Hoffman, MD*

Excellence in the Art and Science of Medicine and Surgery

Advancing the Field of Colon and Rectal Surgery

Since 1957, the physicians at Los Angeles Colon and Rectal Surgical Associates have adhered to the highest standards of medical and surgical diagnosis and have strived to deliver treatment with the utmost care. Diagnostic efforts are focused on the understanding of both common and uncommon diseases. The physicians are experts in a wide range of colon and rectal procedures, using the latest medical technologies.

Expertise includes laparoscopic and sphincter sparing surgery in the treatment of colon and rectal cancer, inflammatory bowel disease, diverticular disease, medical and surgical hemorrhoid treatments, pelvic floor disorders, pilonidal disease, colonoscopy, gastroscopy, anal warts and anal cancer, and genetic testing for colon cancer.

The surgeons at Los Angeles Colon and Rectal Surgical Associates are board-certified and are attending physicians and active faculty members at Cedars Sinai Medical Center. Dr. Gary H. Hoffman, Dr. Eiman Firoozmand, Dr. Liza M. Capiendo, and Dr. Stephen Yoo teach and supervise both general surgical residents and colon and rectal surgical fellows. Dr. Firoozmand has served as clinical chief of the division of colon and rectal surgery at Cedars Sinai Medical Center.

Having helped advance new techniques such as the procedure for prolapse and hemorrhoids (PPH), which minimizes postoperative pain and speeds recovery, the physicians also conduct original research and contribute often to major peer-reviewed medical journals.
