

HERSCHTHAL DERMATOLOGY & AESTHETICS

Quality skin care from a dedicated team.

SINCE 1980, DAVID HERSCHTHAL, MD HAS PROVIDED patients with the highest quality dermatologic and aesthetic care, using state-of-the-art equipment in convenient, comfortable Herschthal Dermatology and Aesthetics offices in Boca Raton and Fort Lauderdale. Board-certified by the American Board of Dermatology, he is well-known for his expertise in skin cancer, aesthetics and laser surgery. He

was recently named best clinical instructor at the University of Miami School of Medicine, where, as Professor of Dermatology, he stays at the forefront of his field.

Jordana Herschthal, MD joins her father's practice this year, bringing with her the latest skills and techniques in dermatology and aesthetic skin care. A Brown University graduate, she interned at Columbia University's St. Luke's-Roosevelt Hospital, New York, and completed her MD and dermatology residency at the University of Miami/Jackson Memorial Hospital, where she was awarded for her excellence in dermatological surgery. In addition to general dermatology, she brings expertise in aesthetics and laser surgery as well as skin cancer management, including dermoscopy and Mohs surgery.

"I welcome not only her excellent skills, but also her aesthetic approach," says David Herschthal. "Combining those assets with my experience will make us an excellent team, especially since our primary goal is the comfort, privacy and well-being of our patients."
