\*CHOSEN TO 2012 SUPER DOCTORS<sup>®</sup>

FOR THE PAST 37 YEARS, KSF ORTHOPAEDIC CENTER, P.A., has been at the forefront of orthopaedic care in the Greater Houston Area. Our success has come from our dedication to excellence in orthopaedics and patient care. We serve our patients with the highest level of respect and expertise.

KSF physicians have a tradition of community service in the Houston area, including performing school physicals, providing medical coverage for sports events, and participating in charity events. Our doctors have a long history of serving Houston area hospitals as past presidents, chiefs of surgery, and chiefs of staff as well as serving on medical committees at the state and national levels.

KSF currently has 10 board-certified or board-eligible physicians, with specialties in almost all areas of orthopaedics and pain management. KSF also utilizes highly-skilled professionals including physician assistants, registered nurses, physical therapists, occupational therapists, and radiology technicians to ensure that patients receive the highest level of treatment from start to finish. One of the first centers to perform arthroscopic procedures in the Houston area, KSF has expanded its services to include expertise in spine, hand, joint replacement, sports medicine, foot and ankle, trauma, pain management, and rehabilitation. Our physicians and staff utilize cutting-edge technologies including MRI, bone densitometry, and on-site physical, occupational, and hand therapy. With two locations in North Houston, KSF delivers convenient and comprehensive orthopaedic care.

Our doctors are committed to serving you and your family's orthopaedic needs. For the seventh consecutive year, KSF doctors have been named to the *Super Doctors*<sup>®</sup> list published in a special advertising section in *Texas Monthly*.
