

RAJIV DAHIYA, MD\*

NAVEEN KELLA, MD\*\*

## ONCOLOGY SAN ANTONIO

\*Chosen to Super Doctors® 2012

\*\*Chosen to Texas Rising Stars™ 2012

### Advancing Cancer Care With Compassion

It is strenuous to contend with cancer, but Rajiv Dahiya, MD, a radiation oncologist at Oncology San Antonio, eases that strain by providing excellence in oncology through personalized and concierge-level services. Selected to the *Super Doctors*<sup>®</sup> list, Dahiya specializes in head and neck as well as prostate cancers.

Dahiya, president and CEO of Oncology San Antonio, joined the practice in 2002. As president since 2009, Dahiya pioneered the group's growth from two to 11 locations, spearheaded the additions of medical oncology and urology, and instituted a renowned multidisciplinary head and neck tumor board program. This streamlined patient treatment times and set the standard for superior outcomes and clinical care.

Dahiya recently launched the Urology and Prostate Institute and recruited Naveen Kella, MD, who is recognized by his peers as a

*Super Doctors Rising Star*<sup>®</sup>. Dahiya and Kella lead the region's first multi-specialty prostate cancer center of excellence in private practice.

A respected and influential member on several boards, Dahiya pushed to create a foundation dedicated to providing care and assistance to underprivileged patients. He also is actively planning and constructing a comprehensive cancer hospital for needy patients in South America. In addition, Dahiya is a member of the San Antonio Young Presidents' Organization (YPO).
