DURRIE VISION PROUDLY CONGRATULATES
DR. DANIEL S. DURRIE AND DR. JASON E. STAHL
FOR THEIR WELL-EARNED DISTINCTION IN
SUPER DOCTORS

Worldwide experts right here in Kansas City

As an international leader in both laser vision correction and research, you can't do better than Durrie Vision. Patients come from *around the world* to Durrie Vision for laser vision correction. The Durrie Vision surgeons train other surgeons throughout the U.S. and abroad. And when medical manufacturing companies are developing state-of-the-art technologies, they ask the specialists at Durrie Vision for input and advice.

Meet Durrie Vision's Surgeons

Dr. Daniel Durrie, the founder of Durrie Vision, has been named to the *Super Doctors*[®] list for the seventh year in a row. He is one of the most experienced refractive surgeons in the country and a pioneer in his field.

Dr. Jason Stahl has also been named to this year's *Super Doctors* list. Dr. Stahl is an internationally recognized surgeon, known for his groundbreaking work in laser vision correction and refractive lens procedures.

Dr. Jason Brinton is a graduate of Harvard University and Harvard Medical School. Dr. Brinton completed his corneal and refractive fellowship under the supervision of Dr. Durrie. He is a third-generation ophthalmologist specializing in both corneal and lens procedures.
